

**SCICEX Interagency Committee Meeting**  
**May 31, 2013, 1300-1600**  
**Office of Naval Research**  
**Room 1003**  
**875 N Randolph Street**  
**Arlington, VA**

**Purpose of Meeting:**

Discuss history of SCICEX “SAM” data collection opportunities (Phase I and II), challenges in data collection and analysis, and ways forward for future collection of data, funding of the scientific and operational efforts, and the distribution of data to the research community.

**Topics**

- Review of SCICEX Phase II history
- Review of recent cruises and details of the data collected (ICEX and non-ICEX)
  - Clarify the definition of what constitutes a SCICEX data collection opportunity
- Prioritization of data collection for future cruise opportunities
- Optimizing the ICEX2014 data collection opportunity
- Discussion of Activities Needed to Ensure Future SCICEX Data Collection
- Outreach to Build Advocacy for SCICEX: What can the IAC do?
- ASL structure: Investment necessary to support SCICEX
- Support for SAC, engagement with the science community, and distribution of data (NSIDC)

**Notional Schedule:** (*\*very\* flexible – this will be adapted as needed*)
